- Remote from France – Paris Area

## TECH SKILLS

### Frontend

JS, TS, React, Angular, Vue, Astro....

### Backend

Python, PHP, FastAPI, Flask, Symfony...

### Database

MySQL, PostgreSQL, DynamoDB, Redis, OpenSearch...

### Cloud Computing / AWS

AWS Lambda, API Gateway, SQS, SNS, CloudWatch...

### Delivery & Reliability

CDK, CloudFormation, Terraform, GitLab CI, Datadog, New Relic...

### AI Development

Codex, OpenAI API, Claude code, BedRock, SageMaker

## LANGUAGES

English

French

## WORK EXPERIENCES

### ■ HANDS-ON ENGINEERING SQUAD LEAD

#### KINGFISHER | 2026 to present

Hands-on leader of a 7-engineer squad. Coaching, technical decision-making, code reviews and delivery ownership for a large-scale digital platform. Focus on full-stack delivery, developer experience, CI/CD, observability and production reliability.

*Stack: Vue, TypeScript, Tailwind, Alokaï, Node.js, MySQL, AWS, GitLab CI, Terraform, Jira, Confluence, Datadog, New Relic...*

### ■ SENIOR FULL STACK ENGINEER / TECH LEAD

#### AMAZON | 2020 to 2026 (FULL REMOTE)

Hands-on technical leader of a 5-engineer team. Built and ran high-traffic Amazon web applications deployed worldwide. Designed full-stack features, AWS serverless architectures, CI/CD pipelines, monitoring and production support. Interviewer and mentor during recruitment loops.

*Stack: React, Angular, TypeScript, Python, Flask, PostgreSQL, DynamoDB. AWS: Lambda, API Gateway, CloudWatch, SNS, SQS, DynamoDB, RDS, EC2, Athena, QuickSight...*

### ■ SENIOR FULL STACK / TECHNICAL LEAD

#### FRENCH ARMY | 2017 to 2020

Led a 5-engineer team delivering internal web applications from user needs to production. Strong focus on product delivery, UI integration, APIs, code quality and team mentoring.

*Stack: Angular, TypeScript, REST APIs, PHP, MySQL, Redis, GitLab, Artifactory, Jira, Confluence, Docker, Debian, Nginx...*

### ■ SENIOR FULL STACK / TECH LEAD

#### FRENCH TERRITORIAL COLLECTIVITY | 2016 to 2017

Built web applications for public agents and end users. Led a small 3-developer team on API integrations, search features and data-driven applications.

*Stack: Node.js, REST APIs, PHP, Elasticsearch, PostgreSQL, Oracle, Bootstrap, SASS, Git...*

### ■ SENIOR FULL STACK ENGINEER

#### BELAIR INFORMATIQUE | 2012 to 2016

SaaS features for insurance brokers with end-to-end ownership from design to delivery.

### ■ WEB DEVELOPER / PROJECT MANAGER

#### COTEP | 2002 to 2012

Developed web products and managed customer projects for a digital signage company.

### ■ FREELANCE FULL STACK ENGINEER

#### 2009 to present

Delivered custom web products and automation tools for public and private customers. Remote collaboration, product framing and end-to-end delivery.

# Antoine CHEDEBOIS

## CASE STUDIES

**Amazon Reverse Logistic Production:** Built and operated worldwide internal application embedded in Zebra scanners for high-volume reverse logistics workflow in an international team.  
**Impact:** Supported parcel return workflows at **100k+ scans/day**.

**High-Traffic Retail E-commerce Platform:** Leading delivery and reliability improvements for a large-scale retail e-commerce platform generating **100M€+ annual revenue**.

**Impact:** Improved team execution, production reliability and technical alignment across frontend, backend, cloud and third-party systems.

**AI-Assisted Developer Productivity Product:** Designed and built an AI-assisted product to analyze repositories and generate technical insights for engineering teams.

**Impact:** Demonstrates hands-on ownership, modern engineering practices and ability to ship independently.

## LAST TRAININGS & CERTS

AWS AI Practitioner | 2025

AWS Solutions Architect Associate | 2024

AWS Certified Developer | 2020

AWS Cloud Practitioner | 2020 & 2024

Professional Scrum Master 1 | Scrum.org | 2019

Professional Scrum Product Owner 1 | Scrum.org | 2019

Professional Scrum Developer 1 | Scrum.org | 2019

## EDUCATION

INSTN CEA - Saclay | 2001

DEA Virtual Reality and Mastery of complex Systems (Master Degree)

IUP - Evry | 2000

DESS Engineering of Industrial Systems (Master Degree)
